*philosophy of life*

Three elements that manifest happiness for human beings. Balinese believes, by preserving these three elements in balance and harmony would bring physical and spiritual prosperity in their community. We believe by approaching the balance of life between Human, Nature and God, it also symbolize Villa Air's main concept itself:

**Life, Purity, Serenity, Healing and Cleansing.**

*the three elements*

**Parahyangan**

to create an awareness that each individual is the part of God - there is God inside us as a human being and we are a part of Mother Universe. In the other words: we are the universe.

**Palemahan**

represents a relationship between human and nature. Human takes and give back to Mother Nature, without giving back human will only drain and it affects human's future life.

**Pawongan**

to create a harmonious relationship among human beings. This wisdom directs human to believe that we are all one soul of the universe. It means if we hurt someone, we also hurt ourselves.
